01 PROFESSIONAL PROFILE

Creative web developer and graphic designer with expertise in front-end and back-end development. Proficient in crafting visually appealing interfaces and enhancing user experiences using various UI/UX tools. Skilled in database management and leveraging modern technologies for efficient web solutions. Strong background in project development with a keen eye for detail and design aesthetics.

02 EXPERIENCE

WEBSITE DESIGNING

- Database administration and website design.
- Built the logic for a streamlined ad-serving platform that scaled.
- Designing a well to look website for educational purpose.

WEB DEVELOPER

- · Developed user-friendly front-end pages and applications using HTML, CSS, and JavaScript for various projects.
- · Implemented back-end functionality using databases, ensuring seamless data management and retrieval.
- · Collaborated with clients and team members to understand design needs and deliver effective solutions.

GRAPHICS DESIGNING

- · Designed user interfaces and experiences for web and mobile applications using Figma and Canva.
- · Created marketing materials and social media graphics that enhance brand identity and engagement.
- · Conducted usability testing and gathered feedback to refine designs and ensure user satisfaction.
